

HOW TO GET A

NAATI-CERTIFIED TRANSLATION

1

GET ALL YOUR DOCUMENTS READY

Compile all the documents you need to get translated in a legible electronic format. Make sure files are clearly named.

2

DO YOU NEED FULL OR SUMMARY TRANSLATIONS?

For some documents, such as bank statements, a summary translation may be acceptable. Get advice on what suits your needs best.

3

REQUEST A QUOTE, ASK QUESTIONS

Consult the NAATI directory at naati.com.au and contact a NAATI-certified translator to get a quote. Also make sure to ask any questions you may have about timing or prices.

4

GET YOUR TRANSLATIONS

Once you have accepted a quote, paid for and received your translations, check that they bear the NAATI stamp of the translator (electronic stamps are fine). Make sure you are happy with the service provided.
